

## PIED PIPERS WIN AA STATE TRACK TITLE

By ART LAWLER  
Reporter-News Sports Writer  
AUSTIN — The Pied Pipers from Hamlin endured their toughest test ever here Friday night, but in the end walked away with the Class AA State track championship of Texas.

The margin was just four points, 60-56, over fast-closing Elgin.

Bill Cork finished the meet one point shy of high point honors, losing to Shifton Baker of Elgin 25-24. Hamlin teammate Johnny Jones was third with 22.

For the Pied Pipers, it was a case of Cork winning his specialties, the 440 in a blistering 47.8 and the high jump in 6-4½, and it was Jones winning the 100-yard dash in 9.8 and taking second in the 220 (22.1).

David Willis had to settle for third in the 330 intermediate hurdles, while the combination of Alfred McAfee, Jones, Albert McAfee, and Bill Cork wound up second in the 440 relay.

In the evening's final event, the mile relay, Hamlin was simply mauled by an unusually talented field. The Pied Pipers were in contention — and even led — through the first lap.

But after Milton Jones handed Alfred McAfee the baton, the Pied Pipers fell behind, and on the exchange, Willis took off too quickly. The result was a terrible handoff which took the Pipers out of contention.

Cork made a valiant effort to catch up — but with a 30-yard deficit, he wound up burning himself out coming out of the final turn. The Pipers wound up a dismal seventh in that event.

It really didn't matter, though, since Hamlin already had the meet sewn up.

The Pied Pipers actually started the evening in disappointment.

In very uncharacteristic form, Cork took the baton with Hamlin holding a slight lead, but Bellville, which qualified for the state meet at 42.7, moved ahead for the gold medal when anchorman Harold Frank took the baton and simply outran Cork to the finish line.

In the 440, Cork still appeared unusually tight, but his time Continued on page 5

## DROWNING VICTIM—

### Hamlin Volunteers Take Part In Search Tuesday

Members of the Hamlin Civil Defense and Volunteer Fire Department assisted in the search for Carl Bradley of Old Glory during early morning hours Tuesday. A call for assistance was received at 11:40 p.m. Monday.

Carl B. (Bigun) Bradley Jr., 36, a rugged-looking cowhand who had been featured in advertisements for the Marlboro Tobacco Co., drowned accidentally Monday on the Bill Flowers Ranch near Old Glory when the horse he was riding apparently panicked and

plunged into a stock tank. Flowers organized a search when Bradley, last seen about 3 p.m. Monday, had not returned to the ranch house by sunset. The horse's body was found floating in the tank shortly after dark.

Law enforcement officers from 10 area towns, led by Stonewall County Sheriff Marvin Crawford, assisted in dragging the tank to locate the body. Stonewall County Judge Warren Frazier ruled at the scene that the horse fell, knocking Bradley unconscious and causing him to drown.

Born Feb. 9, 1937, in Knox City, Bradley graduated from high school there in 1956.

At the time the cigarette commercials were filmed, he was wagon boss for the 6666 Ranch where he had worked since the age of 14. He and his family had lived miles north of Old Glory for the past several months.

Funeral was held at 10 a.m. Wednesday at First United Methodist Church in Knox City. Burial was in Knox City Cemetery.

Survivors include his wife, the former Glenda Jo Reese, a son, Carl, of the home; his parents, Mr. and Mrs. Carl B. Bradley of Knox City; and a brother, Doug, of Seymour.

#### And What Have You

By BOB CRAIG

How do you tell a bunch of fine kids just how proud you are of them? This is our problem this week when we try to relate our feelings toward the Pipers for the tremendous year they have just concluded.

Can't think of any better way to finish up a year than bringing home the state championship trophy.

Not only are we proud of the boys who took part in the meet in Austin and actually won the state title but we would like to extend this to the entire track team and to all of the boys that took part in the sports program this year. And this applies to all of the coaching staff for their many hours on behalf of these youngsters.

One of the best ways we know of to let these kids know how proud of them all of us are is to attend the All Sports Banquet Saturday night.

These youngsters, through a lot of hard work and determination, have brought a lot of glory to Hamlin and we are indebted to each of them for this.

One comment we would like to make on the state track meet and the regional meet too for that matter is — why do they have to have the high jump competition going on at the same time as the running events?

All season long, Bill Cork has had to quit jumping to run or quit running to jump. This just does not seem fair to us. And this is not just a problem for Cork because a lot of the high jumpers are also runners. Elgin's outstanding competitor, Shifton Baker, was also faced with this problem.

What makes high jumping so bad is that it can last so long. A boy high jumping for the state title should not have to stop and go run another event. The pressure of one event at the state level is enough without trying to get ready for two at the same time.

Don't know who decides the schedule for these different events but would like to see them give some consideration to the participants.

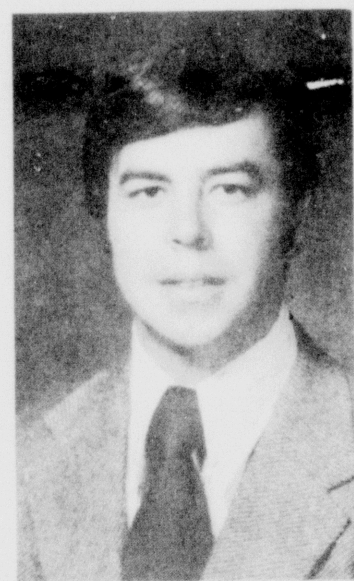

Again we say congratulations to all the coaches and youngsters for bringing Hamlin its first of what we hope to be several state titles.

We ran across an editorial by John Continued on page 4

FROM THE FILES . . .

FIFTY YEARS AGO  
(April 20, 1923)  
In as much as there has been some rumor out that our school term would be cut short, the Board had a meeting on the 13th, and went thoroughly over the Status of the various funds and money that we now have and will get later, and found that our finances are in better shape than they have been for some time.

On Thursday night of next week, the Hamlin Band will appear in their first formal program, in the High School Auditorium. The concern will be free, and the boys will entertain you with a varied program and every minute will be interesting.

There have been three very interesting programs at the high school auditorium this week. The first one was under the direction of the Music Department and the Expression Department. Presented was "College Days," a three-act Musical Comedy. Next was the weekly chapel program. Five departments of the school were represented. Last but not least, was a program given by the Music Department. It was free to all.

Everyone is asked to please come to the Opera House, April 20, (tonight), to hear Mrs. Lucey. The Legion boys will appreciate your presence and support.

TWENTY YEARS AGO  
(April 24, 1953)

Numbers of Hamlin area people are due to be among those present Sunday afternoon at a \$1,000 roping contest to be staged at Merkel. Ten top ropers will compete at Rodeo Hill, one and one-half miles west of Merkel, for the prize money.

Seven of Hamlin High School's Future Farmers of America boys were in the win columns of the annual West Texas Jersey Cattle Club's spring show Monday and Tuesday at Abilene, but none of the boys' entries placed in the first place class.

Wheat farmers of the Hamlin area received a rejuvenation of their hopes for a small grain crop early Thursday morning, when .97 of an inch of rain was registered by the government rain gauge at the Hamlin water pump station.

First work-out of the Hamlin girl's softball team has been set for Saturday, April 25, according to the coach. Co-captains for the baseball unit were named at a preliminary gathering of interested girls, Wednesday night.

Cotton farmers of the Hamlin area and the rest of Jones County are urged to attend a county-wide meeting to discuss cotton production problems to be held at Stamford at the Round-Up Hall this (Friday) afternoon at 1:30 p.m. Everyone interested in cotton production is invited to attend.

TEN YEARS AGO  
(April 18, 1953)

Hamlin Merchants Semi-Pro Baseball will have their first game here Sunday, beginning at 3:00 p.m. They will be playing Cisco Jr. College.

The Sophomore class of Hamlin

High School will have a car wash Saturday, Apr. 20, at Lee Hastings station. They will be washing from 8:00 a.m. to 5:30 p.m. The charge will be \$2.00 per car plus \$1.50 to have your car greased. The money will be put in the class fund.

Two grass fires and an apparent false alarm were responsible for the three calls answered by the Hamlin Volunteer Fire Department during the past week.

April 20 has been set for the clean up day at the Blue Bird Hut. The clean up was planned for April 6, but was postponed because of rain. The council is asking that everyone who can help with the project meet at the hut at 9:30 a.m. Saturday.

And What Have You

Continued from page 1

Getz in The State Line Tribune of Farwell that we think deserves some thinking on. In his column "Purely Personal" John says that he has a hard time reconciling the trend of this country toward the youth.

John questions the assertions that because this coming generation is supposedly the best educated generation, they are ready for adult responsibilities at a younger age. He says, and we agree, that this contains two fallacies. First is the question of equating education with wisdom, and secondly is the assumption that they want adult responsibilities earlier in life.

Again we concur when he makes the flat statement that the amount of book learning is no criterion upon which to base a supposition of maturity and the ability to exercise sound judgement by an individual. "We have come across people of great education, in limited areas, who were social and economic babes in the woods. Likewise we have known many persons of very limited formal education who were doing very well from a social and economic standpoint," he writes.

As a father of three we tend to agree with John when he questions whether the real majority of youth want to be considered adults with the attendant legal responsibilities thrust upon them. "After all," he continues, "the exercise of naive youthful minds in dealing with many matters can have very adverse social and economic effects lasting for years. We think most young folks would rather be protected from their mistakes until they have gained more experience in dealing with the hard facts of life."

Of course, in contradiction to the backward thinking of both John and me, the Texas State Senate recently approved a bill that would give the 18-year-olds the rights of an adult.

We were not in favor of giving the vote to 18-year-olds for a number of reasons, one of which was that most of them were still in high school at that age, and cannot feel it is wise to extend to them all the responsibilities of adulthood at this age.

Neinda Philosopher Thinks He Has A New Way of Selling A Lot More Newspapers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has discovered a new idea for newspapers, then changes his mind, his letter this week reveals.

Dear editor:

Located where it is, naturally The Herald had no chance to get in on the big Watergate doings, thus missing getting first denounced and then apologized to by some of those around the center of power in Washington, but still there are lessons it seems to me you might profit by if you study some of the sidelights close enough.

For example, a Washington newspaper back there during the re-election scramble published a questionnaire sounding out the public on what

it thought of President Nixon's decision to mine North Vietnam harbors.

Without the President's knowledge, I feel sure, some of his re-election promoters with plenty of cash lying around went out and bought an extra 1,000 copies of the newspaper and had everybody in the office fall to and clip out the questionnaire and vote in favor, producing a lop-sided majority.

Now on the new policy some people now practice, "ask not what your government can do for you, figure out for yourself what it can do for you and get in on it, the same as some big shots do," it seems to me there's an opportunity here for alert newspapers.

I don't know what it'd be, but stir up some hot issue around here, run a questionnaire in the

paper, and sell an extra thousand copies to people trying to swing public opinion.

This will take some doing however because first nobody around here has any unreported slush funds to spend on such an operation, and second there aren't enough issues.

On the whole, I'd say that the difference between Hamlin and Washington is that while in Washington they have more problems than they have answers, in Hamlin you have more answers than you have problems. Maybe it'd be sounder to just let your circulation grow, as I understand it is, at the standard rate of \$4.00 a year. These people who buy up big wads of extra copies are here today and gone tomorrow.

Yours faithfully,  
J.A.

A Crown for Mother

You, as a Mother, are honored by your children on a special day — Mother's Day. How the little things they make for you with their own small hands please you and warm your heart.

It warms and quickens the heart of God when you honor Him on His special day. "Remember the Sabbath Day, to keep it holy." Exodus 20:8. Worship God on this next Sunday in the church of your choice. We should honor our loving Heavenly Father even as we expect our children to honor us.

Attend church on Mother's Day.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

**FIRST PLACE IN 100** — Johnny Jones, Hamlin Sophomore, picks up a gold medal in the 100 yard dash Friday evening in Austin with the time of 9.8. He also took second place in the 220 and ran on the sprint relay team placing second. (Photo by Bob Hamilton, Iowa Park Leader)

Continued from page 1 didn't show it. The Hamlin junior built a sizeable lead coming out of the final turn, only to lose it to the fast-pursuing Billy Waddy of Bolling.

With 80 yards left in the race, it appeared Cork had run out of gas, but the struggling superstar from Hamlin somehow managed to hold on and win by a tenth of a second.

Jones got off to a good start in the 100-yard dash, but so did Wayne Edmond of DeKalb. Both were timed in 9.8, but Jones leaned into the tape just ahead of Edmond for the victory.

Cork didn't finish his high jumping until after the running of the open 440. It was the second time he had been interrupted to perform in other events.

Earlier, he had left to run on the sprint relay team. This same inconvenience occurred during the two-day regional meet in Odessa—spoiling any chance he might have had for equalling or bettering his season's best mark of 6-7.

Willis led the pack in the 330's until the final turn when he began knocking down hurdles. Willis' momentum was wrecked when he hit the first hurdle out of the final turn, then another before winding up being nipped by Keith Bundenburg of Corrigan for second. Bundenburg was timed at 38.8, Willis at 38.9.

Mr. and Mrs. Ike Miller traveled to San Marcos Friday to visit their granddaughter, Mitzi Gillis, a student at SETU. They were joined by Mr. and Mrs. Philip Miller and Doug Miller of Houston and Mr. and Mrs. Bill Gillis of Abilene. They all attended the track and field meet at Austin Friday evening.

## Bill Feagan Attends Oil Marketers Meet

Bill Feagan of Feagan Oil Company, Inc. in Hamlin has returned after attending the annual convention of the Texas Oil Marketers Association in Dallas, Apr. 29-May 16.

He said a record-setting crowd of nearly 1,300 oil jobbers, petroleum product marketers, commission agents and suppliers were on hand to discuss ways of meeting the energy crisis.

To alleviate hardships on the energy-using public, particularly motorists, the wholesalers and distributors of 40 percent of the petroleum products sold in Texas who gathered in Dallas, decided: 1) To request the Railroad Commission to restrict out-of-state shipments of all petroleum products, just as the commission is trying to do with liquid propane; 2) To make an urgent plea to Washington to relax price controls and increase incentives for oil well drilling; 3) to form buying groups for the purpose of purchasing world crude and/or gasoline; 4) to encourage the public to restrict the use of things that require energy.

The convention delegates were told that in most parts of Texas the allocation of gasoline to distributors was already down as much as 12 percent, and that further cuts would be coming.

Low volume rural areas where fuel is necessary for farming and ranching operations is expected to suffer the most, the delegates of the Oil Marketers Association were told.

"We are doing everything possible to bring about an equal distribution," Association president Alton Barker of McAllen said.

Speakers at the convention included: R. I. Galland of Dallas, president of American Petrofina; Robert Greene, president of the National Oil Jobbers Council, and Fred Allvine, Associate Professor of Marketing at the Georgia Institute of Technology.

**STATE FFA PRESIDENT VISITS** — Frederick McClure, president of the Texas Association of Future Farmers of America, center, was speaker for the noon luncheon meeting last Wednesday for the Hamlin Rotary Club. He was introduced by Milburn Wink, local vocational agriculture teacher, left. Donald Young, club president, is seated at right.

## State FFA President Visits Hamlin

Frederick McClure, President of the Texas Association of Future Farmers of America, wound up his visit of the Double Mountain District FFA with a visit of the Hamlin FFA Chapter last Wednesday.

Frederick spoke to a group of about 125 Hamlin High School students Wednesday morning. He explained to the students that by looking on the brighter

side and having faith in themselves and America they could be a success in anything they undertook. He said that by being optimistic and working hard there is a way to the top. He used David Galley, 1972 Star Farmer of America, as his example. He pointed out how David, through hard work, faith in himself, and encouragement from others, rose to the top of the more than 430,000 Future Farmers in the United States.

At the noon luncheon of the

Hamlin Rotary Club, Frederick pointed out how the Rotary Club and the FFA are similar. He said that both organizations work to make their communities better places in which to live and strive for personal improvement of individual members.

Frederick was accompanied on his tour of the Double Mountain District by Johnny Howard, president of the Double Mountain District, and Rickey Gruben, Hamlin FFA

## SHORT WAVES

BY FRANK SHEARER

Well Folks, Hamlin is now a household word across the entire state of Texas due to the efforts of our fine athletes and coaches. Now it's our turn to personally congratulate them and let them know how much we have enjoyed watching as they won Football, Basketball and Track.

They worked very hard, and didn't let us down, so let's all go to the Sports Banquet this Saturday night at 7:30 at the high school and meet them in person.

I know that each of us who have followed the team this past season want to show that we are proud and happy for the whole team and coaching staff. You will enjoy a fine meal and a personal feeling of pride during this affair.

This is the biggest thing that has happened to Hamlin in many years, and you should get your ticket early to avoid the rush.

Tickets are now on sale at all drug stores, all restaurants, both department stores, White's Auto, Winns, Arrow Supply, and Frank's TV. If you can't get down town, you may call 576-2122 and your ticket will be delivered to your door.

See you Saturday night!
